

AIDS Committee of Toronto

My name is Patrick Kearns, and I am the Practical Assistance Coordinator at the AIDS Committee of Toronto (ACT). One of the various programs I have coordinated is our Moves Program.

This program was designed to help our HIV-positive clients who are facing financial barriers when making the move to new housing. For the past few years, we have relied on No Problem Movers to help our clients make this important transition to a new home.

Throughout my time working with the staff of No Problem Movers, the feedback I receive from our service users has always been positive.

Because of the excellent and productive working relationship we have, I have no hesitation recommending No Problem Movers to anyone who is looking for an effective, professional and affordable moving company.

Sincerely,

A handwritten signature in blue ink that reads "Patrick Kearns". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Patrick Kearns
